“... unique product ... fills a gap that conventional telecare does not.”

Commissioning Manager at a County Council.

Caring for Ageing

Who needs Kemuri smart telecare?

- People living alone who are forgetful
- People at risk of falls or declining capacity
- People who don't wear pendant alarms
- People who are proud and independent
- Families who care for the ageing generation

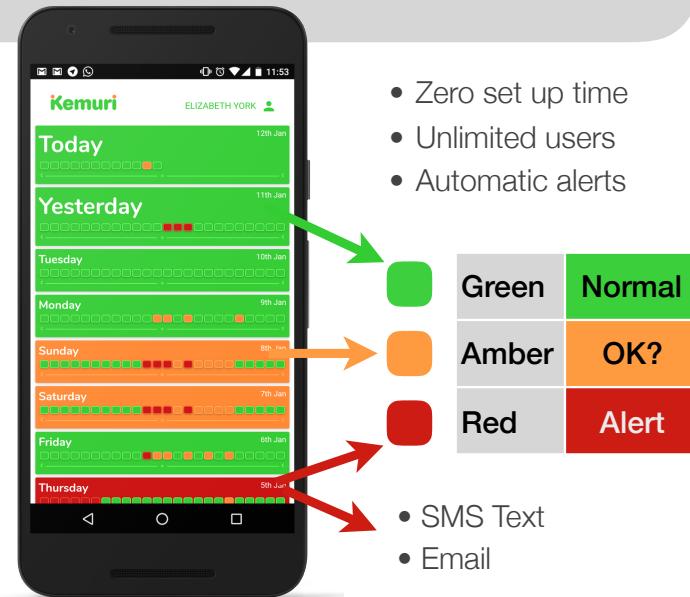

Why use Kemuri's monitoring service?

- Longer independent living
- Reduce time of unattended falls
- Reduce dehydration, malnutrition and hypothermia
- You get peace of mind with automatic alerts from unobtrusive monitoring

How does Kemuri work?

- KemuriSense Smart Power Sockets monitor motion, power usage and room temperature
- People use microwaves, toasters or any other cooking equipment as usual
- Smart algorithms learn hourly patterns of normal activity in the kitchen
- You get alerts after big changes, such as missing meals, power cuts and low temperature

Smartphone App

- Zero set up time
 - Unlimited users
 - Automatic alerts
